

1
Contents: 1 large pole, 1 small pole w/ rodholders, 2 rods w/ double hooks, 4 rods w/ single hook.

2 Remove blue cap from top of base, fill w/ ballast, replace cap. (Sand, water, ect.)

3 Insert small pole w/ rodholders into the end of the large pole that has the recessed plastic end piece.

4
Insert the pole you assembled into the open hole near the rear of the base.

5
Insert the 2 rods w/ double hooks into circular plastic rodholder at top of pole w/ only 2 holes.

6
Insert remaining 4 rods into the other rodholder w/ 4 holes. (It should look like an "X".)

7
One side at a time, attach the top of both banners to the 2 rods w/ double hooks.

8
Attach the bottom of both banners to the 2 rods for each side.

9
Once both banners are attached, press button on shaft of small pole to release mechanism, slide mechanism downwards until banner becomes taut and you hear mechanism lock into place
